To Our Valued Customer:

Re: Felker Brothers Base Price Increase

Effective January 2, 2012, our stainless steel flat rolled suppliers have announced that they will be increasing their base prices on all cold-rolled and hot-rolled plate, sheet and strip products.

Because of these increases and lead time of material from the steel mills extending into 2012, Felker Brothers will be increasing our base price numbers on all pipe and tube effective with all new orders entered December 12, 2011. Surcharges remain in effect and will continue to be part of the total price of our products.

Thank you for your continued support of Felker Brothers. If you have any questions regarding this price increase announcement or any other issues, please feel free to contact your sales representative or myself.

Sincerely,

FELKER BROTHERS CORPORATION
