

Fabrication Supervisor

Felker Bros. Corp., an ISO 9001 manufacturer of stainless steel products, is seeking a 2nd shift supervisor for our prefabrication piping system division in Marshfield Wisconsin. This position is responsible for maintaining a safe and productive work environment through direct supervision of employees in assigned areas. Requirements for this position include: ability to read and interpret blueprints and isometric drawings; strong decision and problem solving skills; knowledge of welding techniques/processes; technical knowledge of fabrication processes and procedures; strong interpersonal, written and verbal communication skills; good computer skills and previous supervisory experience.

Benefits include health, dental, life and disability insurance, vacation and holiday pay, and retirement plan contributions.

Interested candidates may apply by *application to:

Felker Bros. Corp.
Attn: HR Dept. – FF3
22 N. Chestnut Avenue
Marshfield, WI 54449

An equal opportunity employer/drug test required.
